

The screenshot shows the VS Code editor interface. The left sidebar displays the file explorer with the following structure:

- frontend
  - node\_modules
  - public
  - src
    - assets
    - components
      - Weather.jsx
      - App.jsx**
      - index.css
      - main.jsx
    - gitignore
    - eslint.config.js
    - index.html
    - package-lock.json
    - package.json
    - README.md
    - vite.config.js

The main editor area shows the content of **App.jsx**:

```
1 // src/App.jsx
2 import React from "react";
3 import Weather from "../components/Weather";
4
5 function App() {
6   return (
7     <div>
8       <Weather />
9     </div>
10  );
11 }
12
13 export default App;
14
```

The status bar at the bottom indicates: Ln 14, Col 1, Spaces: 2, UTF-8, LF, JavaScript JSX, Go Live, Prettier, and the date/time 14:14 05-11-2025.
